Soft Skills	Problem solving, critical thinking, troubleshooting, adaptability, resourcefulness, management, customer service, quality control, collaboration, courteousness, self-awareness, mentoring, creativity, researching

Projects

PetStash Supply Co. eCommerce App	Live web application built in React.js and SCSS . Account and shop data are managed by a separate restful API built in Python 3 and linked to a custom SQL database. A separate back office app rendered through Flask and Jinja allows admins to create accounts and manage product and category data. ➤ petstash-supply-co.herokuapp.com ➤ github.com/drewgoodman/PetStash-BackOfficeAPI
Triple Triad Web Browser Game	Two player local browser game adaptation built in vanilla JavaScript , HTML5 , and CSS . The core gameplay loop manipulates object values and assigns element classes to alternate turns, play event animations, and manipulate the game board display at different game states. ➤ github.com/drewgoodman/Triple-Triad
